**Subject: Amended/Updated Labeling, Response to SAL Dated September 10, 2008
ULTRATHON™ INSECT REPELLENT 8, EPA Reg. No. 58007-7
Your Submission Dated November 9, 2009**

Dear Ms. Price:

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable with the following provision(s):

Optional Marketing Statements section comment(s):

1. Relocate the 9th optional marketing statement "Time Release Technology developed by 3M for the U.S. Military" to the back panel of this label. As stated in an SAL for this product dated December 14, 2004, this statement cannot not be used in conjunction with any marketing claims (either directly, or indirectly (i.e., footnoting)). In addition, this relocated statement must maintain the same font size, color, background and text orientation as the smallest font size on the back panel. The preferred location for this statement is outside of the Directions for Use section, either directly above or below the company name and address.

Storage and Disposal Statement section comment(s):

2. Revise the line labeled as "**If empty:**" to read "**If Empty:** Non-refillable container. Do not reuse or refill this container. Offer for recycling, if available."

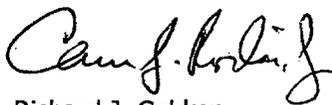

Should you wish to add/retain a reference to the company's website on your label, please be aware that the website becomes labeling under FIFRA and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under section 12(a)(1)(E) of FIFRA. 40 CFR §156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not be substantially differ from those claims approved through the registration process. Therefore, should the Agency find, or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA-approved registration, the website will be referred to EPA's Office of Enforcement and Compliance Assurance (OECA). As an alternative, you may refer consumers to the company's phone number or e-mail address.

Please submit two (2) copies of the final printed labeling, incorporating the above changes, before releasing the product for shipment. If these conditions are not complied with, the registration will be subject to cancellation in accordance with section 6(e) of FIFRA. Your release for shipment of the product bearing amended labeling constitutes accepting of these conditions.

IF SWALLOWED:	<ul style="list-style-type: none"> • Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to by a poison control center or a doctor. Do not give anything by mouth to an unconscious person.
<p>Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For additional information on this pesticide product (including health concerns, medical emergencies or pesticide incidents), you may call 1-800-364-3577.</p>	

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. **READ AND FOLLOW ALL DIRECTIONS AND PRECAUTIONS ON THIS PRODUCT LABEL.**

Hold container upright about 6 to 8 inches from skin or clothing and spray with a slow sweeping motion.

DO NOT spray in enclosed areas.

TO APPLY TO FACE: When using sprays, **DO NOT** spray directly into face; spray on palm of hands first and then apply sparingly to face and neck and avoid eyes.

DO NOT apply near eyes and mouth, and apply sparingly around ears.

For best protection spread evenly with your hand to moisten all exposed skin and/or clothing.

Do not apply over cuts, wounds or irritated skin.

Use just enough repellent to cover exposed skin.

Avoid over-application of this product.

Heavy application and saturation is unnecessary for effectiveness.

WORKS ON OUTER SURFACES OF CLOTHING TOO:

DO NOT use under clothing.

Apply to clothing such as shirts, pants, hat and socks and around other openings in outer clothing.

DO NOT allow children to handle this product, and **DO NOT** apply to children's hands.

When using on children, apply to your own hands, and then put it on the child.

After returning indoors, wash treated skin with soap and water or bathe.

Wash treated clothing before wearing it again.

Use of this product may cause skin reactions in rare cases.

If you suspect a reaction to this product, discontinue use, wash treated skin and call your local poison control center.

If you go to the doctor, take this repellent product with you.

WILL NOT DAMAGE cotton, wool or nylon fabrics.

May damage some synthetic fabrics (other than nylon), furniture, plastics (such as eyeglasses and watch crystals) leather and painted or varnished surfaces (including automobiles).

PHYSICAL AND CHEMICAL HAZARDS: FLAMMABLE. Contents under pressure. Keep away from heat, sparks, and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage and disposal.

Pesticide Storage: Store the product in a cool, dry place that is inaccessible to children.

6066

Pesticide Disposal: Do not incinerate!
If empty: This container is non-refillable. Do not reuse this container. Place in trash or offer for recycling if available.
If partly filled: Call your local solid waste agency or call 800-364-3577 for disposal instructions. Never place unused product down any indoor or outdoor drain.

Refer to Material Safety Data Sheet (MSDS 16-4412-9) for more information.
