RE: Notification of Addition of Sites of Manufacture and Revision of Storage and Disposal Labeling for *Avon Skin-So-Soft SSS Bug Guard Plus IR3535[®] Active Insect Repellent Gentle Breeze[™] Towelettes*;
EPA Registration No. **806-23**

Dear Ms. Hollis:

In accordance with Pesticide Registration (PR) Notice 1998-10, the registrant is formally submitting this notification of additional sites of manufacture and revisions to the Storage and Disposal section as indicated on the enclosed Notification (EPA Form 8570-1). Based on the guidance in PR Notice 2007-4, the registrant is amending the Storage and Disposal language to comply with the new container regulations located in 40 CFR Part 156 and is also taking the opportunity to update its label format to be consistent with its recently registered products. That is, many of the optional and/or marketing claims appear on the last page of the label.

Regarding the Storage and Disposal section, the registrant has revised the disposal statement of the product label for the above referenced product to read, "DISPOSAL: **If empty:** Nonrefillable container. Do not reuse or refill this container. Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain." The recycling statement conforms to PR Notice 2007-4 as well as to PR Notice 2007-1. In addition, all of the registrant's pesticide products bear a batch code. As required by PR Notice 98-10, one "highlighted" copy of the product labeling is enclosed that denotes the changes made as well as one "clean" copy of the label.
