RE: Notification of Revision of Storage and Disposal Labeling for *Avon Skin-So-Soft SSS Bug Guard Plus IR3535[®] Expedition[™] Insect Repellent SPF 30 Sunscreen Spray Very Water Resistant Gentle Breeze[™]*;
EPA Registration No. **806-33**

Dear Ms. Hollis:

In accordance with Pesticide Registration (PR) Notice 2007-4, the registrant is formally submitting this notification of revisions to the storage and disposal section of the product label, as indicated on the enclosed Notification (EPA Form 8570-1). It is understood that this PR Notice provides guidance for the revision of the storage and disposal section for all pesticide products to comply with the new container regulations located in 40 CFR Part 156.

Please Note: It is extremely important to identify that this Notification replaces the Notification filed on April 22, 2008 for the same product. The previous Notification submitted included product labeling that contained an erroneous word in the Storage and Disposal section. On the previous label, the Storage and Disposal section concluded with the following phrase: "Never place any unused product down any indoor or outdoor drain." The label enclosed has been corrected to remove the extra "any" that occurred early in the sentence in order to align with current Agency guidance.
